

TOHATSU OUTBOARD MOTOR
MODEL TOB-12 1.2PS

FUN ON THE WATER IS NO LONGER A LUXURY! TOHATSU'S LATEST MINI-OUTBOARD NOW LEADS THE WATER-FUN REVOLUTION.

Don't make light of this new TOB-12 as a baby 1.2ps.
It's a happy combination of power, portability and economy.

Tohatsu's mini-outboard is so light . . .
only 5 kg.

A child can carry it. Youngsters and oldsters love it because it handles like a breeze. It's simple and safe to operate, and economical. What's more, it fits easily into the trunk of your car. You'll want to take it everywhere. With this trouble - and care - free engine, you can buzz about all day at full throttle.

"Join the water-fun revolution"

The mini-TOB-12 is the only outboard that can help the revolution take place. Youngsters and oldsters from all walks of life will love it because it pushes a boat great, . . . and it also pushes you to think up a new idea of "Fun on the Water"
